

NARFE REGISTRATION

BELOW ARE TWO MEMBERSHIP OPTIONS, but the registration process is the same for both. Whichever you choose, you will receive all of the privileges and benefits of belonging to NARFE.

1. **Local Chapter Membership Option (Traditional).** Chapter membership includes all of the above membership privileges, including affiliation with a local chapter near you. Chapters normally meet on a monthly basis, and provide many benefits including newsletters, social networking opportunities and grass-roots lobbying. Each chapter establishes its own dues in addition to NARFE dues.
2. **National Membership Option (No Chapter affiliation).** This method includes all of the above membership privileges and benefits of belonging to NARFE, but you will not be associated with a Chapter. You miss out on the above benefits of a Chapter.
